### Superintendent's Highlights

The 1996-97 school year went smoothly. We are declining in enrollment so it is difficult to maintain class loads at the normal levels. The school district continues to work on having five computers in every classroom. The Multi-Media carts are being used on a constant basis at the Middle School and High School. The district goal to have all teachers computer literate is getting closer to being accomplished.

### Progress Towards Meeting District Goals

1996-97 Goals	Progress
Start building the replacement of facilities lost to fire	The new phase of the building lost to fire is 80% completed.
Every classroom hooked up to the Internet	The entire school district has at least one computer per classroom hooked to the Internet.
Develop an integrated Language Arts Curriculum	The curriculum committee has met four times during the school year and has set time to meet during the summer to complete the Language Arts curriculum.
